Report of tree plantation program arranged at Siddhant Institute of Computer Application 2018

Department of Environmental Studies presents one day event on **Tree Plantation on 25th July 2018**. Our college has successfully completed the event of Tree Plantation at College Campus. Trees are the foremost important source for producing the Oxygen in environment. They helps to reduce the level of Carbon dioxide gas in the atmosphere. As we all know that the whole world is facing the problem of Global Warming and to recover from such problem planting the trees is become one of the most important aspects today.

The Tree Plantation Event was inaugurated by Mr.G.M.Deshmukh. He shared few words about importance of trees in the environment with the students. He planted two to three plants in the surrounding campus area and also watered the plants. Thereafter other teaching and non teaching staff together with great interest has plants more than 30 plants. The students of Second Year and Final Year were also the Participants. The students also planted Neem tree, Mango tree, Peepal tree, flowering plants and other shadow plants in the college ground.

The students and teachers selected the empty places and the roadside to plant saplings in a well-organized way. In order to restore the eco-balance of the forestation drive was taken with all seriousness. Anyway, participants were highly enthusiastic to make it a big success. The students planted saplings, and fenced them and watered the plants.

Under the Guidance of Asst.Prof. Nitin Shirao, Program Coordinator, volunteers planted more than 30 trees .The students also placed bricks as barricades and each student took the responsibility to nourish and maintain the allocated plant. Eventually, the ground attained a glorious look. The committee decided to proceed with the same inspiration, enthusiasm and zeal to enhance the beauty of the college campus.

This was the under the social responsibility onus. This move was highly regarded and appreciated by the management of CYMET's,Siddhant Institute of Computer Application .This staff member of SICA and SIBM were present for this event and planted the trees.The student of MCA(SICA)were present for this event and planted the trees.they actively involved in digging the soil and planting tree on the occasion of this event.

For this program was coordinated by Kalyani Joshi along The list of other dignitaries present for the occasion is attached with the report for ready refrence.

Prepared By: Mrs. Ashlesha Deole

SIDDHANT INSTITUTE OF COMPUTER APPLICATION, SUDUMBARE

“Environmental Day-Swachh Bharat Abhiyaan 2019”

on Monday, 05th June 2019 in campus.”

Introduction:

- Earth provides enough to satisfy every man's needs, but not every man's greed.
- We won't have a society if we destroy the environment.
- What we are doing to the forests of the world is but a mirror reflection of what we are doing to ourselves and to one another.
- Environmentally friendly cars will soon cease to be an option – they will become a necessity.

Outcomes Of the programme:

All students must be aware of the need of cleanliness and various aspects of health and sanitation

Each student can spread cleanliness awareness among his family members effectively and thereby pave the way for a clean society as a whole.

We hope and pray that Swachh Bharat Mission does not remain simply a campaign just for a namesake. On the auspicious occasion of the birthday of Mahatma Gandhi who wanted a “Clean India”, let us all pledge that we as the citizens of the country will work hand-in-hand to make this mission a great success. This campaign is for 1.2 billion people of India.

*****Thank You*****

3	Anchoring and Vote of thanks	Prof. Ashlesha Deole	12.35p.m.

Introduction:

Mahatma Gandhi had rightly said, “Sanitation is more important than Independence”. He was aware of the pathetic situation of Indian rural people at that time and he dreamt of a clean India where he emphasised on cleanliness and sanitation as an integral part of living. Unfortunately, after 67 years of

independence, we have only about 30% of the rural households with access to toilets. President Pranab Mukherjee, in his address to Parliament in June 2014, said, "For ensuring hygiene, waste management and sanitation across the nation a "Swachh Bharat Mission" will be launched. This will be our tribute to Mahatma Gandhi on his 150th birth anniversary to be celebrated in the year 2019".

While construction of toilets and ending the practice of open defecation are key goals of SIBM, building a cleaner and healthier India in the longer run is what the mission aims to achieve. For Swachh Bharat's urban wing, the focus is equally on encouraging and planning towards proper waste management.

Outcomes Of the programme:

- *Municipal solid waste, processing, and disposal of solid waste
- *Open defecation free and toilets
- *Capacity building and eLearning
- *Provision of public toilets and community toilets
- *Information, education and communication, and behavior change
